This guide is designed to make it easy for you to understand your benefits and other pertinent information. Although it will provide summaries of some of the services available to you, it is not a substitute for the benefit book provided by the healthcare carrier.

Introduction to Your Employee Benefits

Eligibility, Instructions and Information to consider when choosing your benefits

Who You Can Cover

You can cover any "eligible dependents". Eligible dependents include:

- Your legally recognized spouse.
- Legal children until the end of the month in which they turn age 26 for Medical and Dental; Vision—up until 20th birthday, unless a fulltime student, then age 26 (full time class schedule verification is required).

New Hire Enrollment Instructions

To enroll for coverage, you will need to complete the following items and return them to your General Manager as soon as possible but no later than 30 days after your eligibility date.

☑ <u>New Enrollment</u>

Employee Enrollment Form

Open Enrollment Instructions

The open enrollment period will occur annually in May with changes to your coverage effective June 1st.

The elections you make during open enrollment will be effective for the period June 1, 2023 through May 31, 2024.

Please complete the following items and return them to your General Manager as soon as possible.

- Mew Enrollment
 - New Employee Enrollment Worksheet
- Adding or Deleting Dependents or Other Changes Please complete the Employee Change of Status Worksheet

Mid-Year Status Changes (Can I change coverage in the middle of the year?)

Once you make your elections for coverage, you cannot change them until the next open enrollment period with changes effective June 1, 2024.

Your benefit election is generally irrevocable for the period of coverage unless you experience a qualified change in status event that affects your eligibility for coverage and you request a benefit change that is consistent with and on account of the qualified event.

Events may include:

- a change in marital status
- change in number of dependents
- change in employment status
- significant plan cost or coverage changes
- loss of coverage under a Government plan
- a judgment, degree or order
- Medicare or Medicaid entitlement,
- a qualified Family Leave of Absence
- or a HIPAA special enrollment event.

Coverage changes must be consistent with you or your dependents' "status change" that affects eligibility under an employer's plan.

Employees have 30 days after a status change to make a change in benefits. Changes not made within 30 days must wait for the next open enrollment period.

Introduction to Your Employee Benefits

Actively at Work Requirement

If an employee is not in active employment because of injury, sickness, temporary layoff or leave of absence on the date that coverage would otherwise become effective, some benefits may be delayed.

If a family member is totally disabled on the date coverage would otherwise begin, some benefits may not begin until he or she is no longer totally disabled. Generally, your family member is totally disabled if he or she is confined in a hospital or similar institution; is unable to perform two or more activities of daily living because of a physical or mental incapacity resulting from an injury or a sickness; is cognitively impaired; or has a life threatening condition.

When Coverage Ends

Your coverage will end when you are no longer an eligible employee of PETERS MCDONALD'S GROUP Enterprises Inc. Dependent coverage will end when your coverage ends, or earlier if the individual is no longer an eligible dependent (i.e., divorce or child reaches limiting age).

Certain coverage may continue after your termination date through a Conversion, COBRA or Portability option. Premiums are fully paid by the employee in each of these options.

Medical Plan Waiver Option

If you are waiving this coverage because you are currently covered by another medical plan, you will not lose future eligibility for this plan. However, you must enroll in this plan within 31 days of your current plan benefits ending. This provision applies to both you and your dependents.

In addition, if you acquire a new dependent as a result of marriage, birth, adoption, or placement for adoption, you will be able to enroll yourself and your dependent, provided you elect coverage within 31 days of the qualifying event.

Compliance with the ACA

The medical plans offered to you provide minimum essential coverage and the minimum value standard (pays at least 60% of allowed charges) as defined by the Affordable Care Act.

The lowest cost Blue Care Network medical plan will be available to you at an affordable cost for single coverage as defined by the Affordable Care Act.

Important Notifications

Newborns' and Mothers' Health Protection Act Statement of Rights

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section.

However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours, as applicable). In any case, plans and insurers may not, under Federal law, require that a provider obtain authorization from the plan or the insurer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Women's Health and Cancer Rights Act (WHCRA) Notice

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- all stages of reconstruction of the breast on which the mastectomy was performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance; •
- prostheses; and •
- treatment of physical complications of the mastectomy, including lymphedema. •

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit **www.healthcare.gov**.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at **www.askebsa.dol.gov** or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2022. Contact your State for more information on eligibility –

How We May Use & Disclose Your Protected Health Information...

Under the law, we may use or disclose your protected health information under certain circumstances without your permission. The following categories describe the different ways that we may use and disclose your protected health information. For each category of uses or disclosures we will explain what we mean and present some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories.

For Treatment. We may use or disclose your protected health information to facilitate medical treatment or services by providers. We may disclose medical information about you to providers, including doctors, nurses, technicians, medical students or other hospital personnel who are involved in taking care of you. For example, we might disclose information about your prior prescriptions to a pharmacist to determine if prior prescriptions contraindicate a pending prescription.

For Payment. We may use or disclose your protected health information to determine your eligibility for Plan benefits, to facilitate payment for the treatment and services you receive from health care providers, to determine benefit responsibility under the Plan, or to coordinate Plan coverage. For example, we may tell your health care provider about your medical history to determine whether a particular treatment is experimental, investigational, or medically necessary, or to determine whether the Plan will cover the treatment. We may also share your protected health information with a utilization review or precertification service provider. Likewise, we may share your protected health information or subrogation of health claims or to another health plan to coordinate benefit payments.

For Health Care Operations. We may use and disclose your protected health information for other Plan operations. These uses and disclosures are necessary to run the Plan. For example, we may use medical information in connection with conducting quality assessment and improvement activities; underwriting, premium rating, and other activities relating to Plan coverage; submitting claims for stop-loss (or excess-loss) coverage; conducting or arranging for medical review, legal services, audit services, and fraud & abuse detection programs; business planning and development such as cost management; and business management and general Plan administrative activities.

To Business Associates. We may contract with individuals or entities known as Business Associates to perform various functions on our behalf or to provide certain types of services. In order to perform these functions or to provide these services, Business Associates will receive, create, maintain, use and/or disclose your protected health information, but only after they agree in writing with us to implement appropriate safeguards regarding your protected health information. For example, we may disclosure your protected health information to a Business Associate to administer claims or to provide support services, such as utilization management, pharmacy benefit management or subrogation, but only after the Business Associate enters into a Business Associate contract with us.

As Required by Law. We will disclose your protected health information when required to do so by federal, state or local law. For example, we may disclose your protected health information when required by national security laws or public health disclosure laws.

To Avert a Serious Threat to Health or Safety. We may use and disclose your protected health information when necessary to prevent a serious threat to your health and safety, or the health and safety of the public or another person. Any disclosure, however, would only be to someone able to help prevent the threat. For example, we may disclose your protected health information in a proceeding regarding the licensure of a physician.

To Plan Sponsors. For the purpose of administering the plan, we may disclose to certain employees of the Employer protected health information. However, those employees will only use or disclose that information as necessary to perform plan administration functions or as otherwise required by HIPAA, unless you have authorized further disclosures. Your protected health information cannot be used for employment purposes without your specific authorization.

Special Situations...

In addition to the above, the following categories describe other possible ways that we may use and disclose your protected health information.
